

Take-home Assignment – Personal Identity

Intro to Philosophy

Visit this web site: <http://www.philosophersnet.com/games/identity.php>. Read the instructions and play the game. Click Submit to find out whether you persist through time.

Print the Analysis page and bring it to class. Also, write a brief paragraph on what you think about your choices and whether you persist through time. Of the three options (bodily continuity, psychological continuity, an immaterial soul), which did you end up choosing? Is this also the option you assumed true prior to playing the game?
